

EUROINVENT 2019

MD.25.

Title Plastic Integration

Authors Don Z., Racceeva E., Sugac O.

Institution Faculty of Textiles and Polygraphy

Patent no. -

Description

EN

The clothing collection is intended for youth and it is made out of neoprene, knit and silicone. The novelty of the collection is the use of transparent non-traditional materials as a backdrop for the placement of graphic expressions made using artistic print technique (contour).

Class no. 9
